

Prescription Fulfillment Overview

Use this resource when fulfilling prescriptions for OFEV® (nintedanib) capsules to help ensure your appropriate patients receive their medication in a timely manner.

An OFEV prescription can be started in several ways. Here are a few options:

Fax

ePrescribing via EMR/EHR

Obtain forms for the prescription or OPEN DOORS® Patient Support enrollment by visiting www.ofevhcp.com, or by speaking to your Boehringer Ingelheim (BI) Reimbursement and Access Associate Director (RAAD) or Sales Consultant

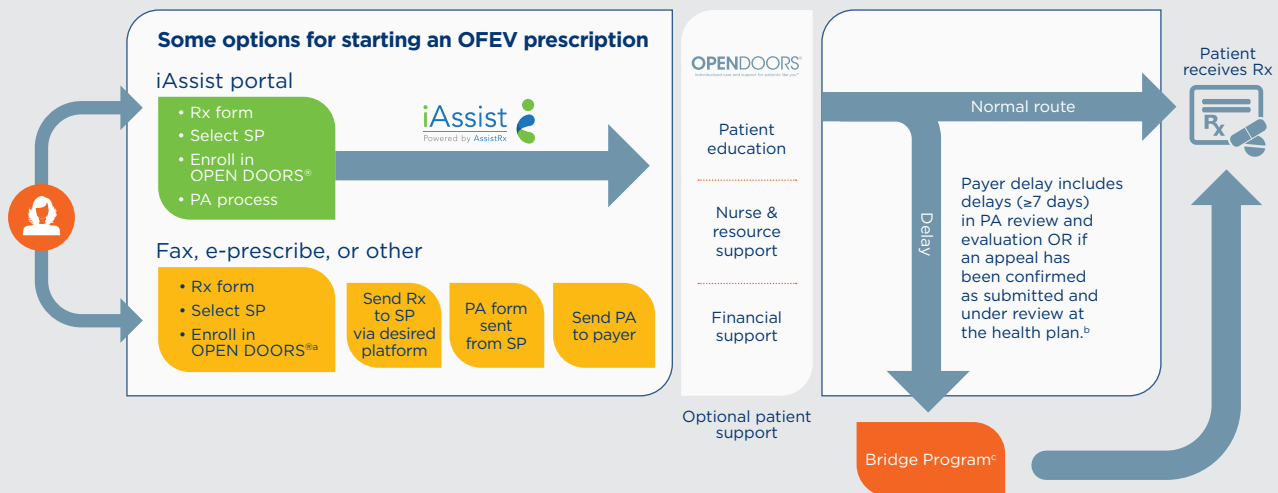

Create an account with iAssist or contact your RAAD or the SP

OR

- iAssist is an electronic portal for submitting prescriptions
- To submit an electronic prescription and/or a PA at the same time, search for “OFEV” and then follow the steps listed
- The OPEN DOORS® forms are also available for download through the iAssist electronic portal

Benefit Verification, PA Process, and Patient Support Enrollment

EHR=electronic health record; EMR=electronic medical record; SP=specialty pharmacy.

^aWhile the Rx form should be sent to the selected SP, the OPEN DOORS® enrollment form should be faxed separately to 1-844-880-OFEV (6338).

^bPayer delays may also include other specific scenarios; further eligibility requirements apply.

^cThe OFEV® Bridge program is initiated by the SP when the PA elapsed time at the health plan for PA review and evaluation is ≥7 days, OR if an appeal has been confirmed as submitted and is under review at the health plan. During the extended review period, eligible patients are temporarily provided with a 15-day supply of OFEV, with up to 3 additional 15-day refills (provided the PA or appeal is still under review) and only in cases of an insurance plan delay. Additionally, patients receive an OFEV Patient Starter Kit from the Bridge Pharmacy.

Fulfillment process reminders

- If you haven't heard back regarding an OFEV prescription, follow up with your RAAD or the SP
- If a PA is required, complete forms in a timely manner, answer all questions, and submit the PA to the patient's insurance plan

Access and reimbursement assistance for you and your office staff

Contact a BI RAAD if you or your office staff require assistance, as you help patients throughout the fulfillment process

Boehringer Ingelheim (BI) Reimbursement and Access Associate Directors (RAADs) can provide help in person, by phone, or by email. RAADs can:

Answer questions about process challenges or payer requirements, including questions related to navigating the prior authorization (PA) and appeals processes

Contact the specialty pharmacy (SP) to check on the status of your case and to provide updates

Help manage any concerns that may occur during the prescription/referral process

A variety of programs and other helpful resources for your patients

BI offers support for your patients when they need it most

The **OFEV Commercial Copay Program** can provide assistance for eligible, commercially insured US residents aged ≥ 18 years

- Patients may receive OFEV for as little as \$0 per month. Please see [full terms and conditions](#)

BI has contracted with a network of **Specialty Pharmacies** that can provide assistance to your patients and their health plans

The **OFEV® Bridge Program** provides a temporary supply of OFEV to eligible patients in case of:

- Insurance plan delay of ≥ 7 days for either or a combination of the below, all of which are a delay at the health plan for ≥ 7 days:
 - Benefits verification
 - PA approval review
 - Appeal approval review
 - Reauthorization review or a new insurer delay

OPEN DOORS® is a patient support program that provides patients with a personal care team available 24 hours a day, 7 days a week by telephone to answer questions regarding treatment. It also directs patients to local support and social services

Clinical Educators (CEs) offer comprehensive education to help patients understand their disease and what to expect on treatment

For more information

1 Contact your **BI RAAD**

2 Call the **OPEN DOORS® Patient Support Program** at **1-866-OPENDOOR** (1-866-673-6366)
